

Obama To Usher In "Mark Of The Beast" Age, Warns Russian Church

SATURDAY, 06 DECEMBER 2008 15:23

A new report presented to **Prime Minister Putin** and **President Medvedev**

by **Patriarchy Alexy II of Moscow and All Russia** is warning that the new United States President Barak Obama is following the same **dark 'spiritual pathway'** forged by last centuries German Leader **Adolph Hitler** as the Western Nations continue their efforts to institute upon this Earth their centuries old goal of a **1,000 Year Third Reich**.

The Third Reich was the official name for the Nazi Germany - or Nazi period of government from January, 1933, to May, 1945. The term "Reich" is a

German term to mean reign or rule. During this brief reign, it was under the firm control of Adolph Hitler's dictatorship and the totalitarian ideology of National Socialism. The term Nazi is a short form of the German Nationalsozialismus. The Nazi Party is the short form for the NSDAP (Nationalsozialistische Deutsche Arbeiterpartei) or the National Socialist German Workers' Party.

And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.

- Rev 13:15

Not being understood by the Western peoples however, is that this Third Reich was always meant to be the 'last age' of our present World as the bridge between what we are now and what we are going to become and follows upon the previous two 1,000 year reigns of the Babylonian and Roman Empires that preceded it and which were, likewise, working towards the establishment of One World Rule upon our Earth.

Most interesting to note in this report are the stunning parallels between Hitler and Obama's meteoritic rise to power which include:

- ***Neither Hitler nor Obama were natural born citizens of the Nations they took command of as Hitler came from Austria and Obama from Kenya.***
- ***Both Hitler and Obama were raised from relative obscurity based upon the publishing of their first books which propelled them to National prominence and the publics consciousness with Hitler's "My Struggle/My Battle [Mein Kampf]" and Obama's "The Audacity of Hope: Thoughts on Reclaiming the American Dream".***
- ***Both Hitler and Obama were preceded to power by ineffective and unpopular governments that nevertheless laid the groundwork for dictatorial rule through numerous laws enacted to prevent "terrorism" and protect the Homeland.***
- ***Both Hitler and Obama campaigned for office using the slogans of "Change" and "Yes We Can" while at the same time having their pasts nearly totally obscured by their National corporate media structures.***
- ***The warnings issued to the German and American peoples by numerous religious organizations about Hitler and Obama went unheeded by the mass of their citizens.***
- ***Both Hitler and Obama assumed leadership during their Nations worst economic crisis in history allowing them to radically change the social structures of their Nations towards full militarization of the populace as the means to restore their economies.***
- ***Both Hitler and Obama advocated vast public work projects to repair their Nations systems of roads and bridges as a means to employing their citizens.***

- **Both Hitler and Obama advocated new laws and protections for the environment vowing to protect our Earth for the benefit of future generations.**
- **Both Hitler and Obama advocated mandatory public service for all youths as a means for attaining free public education.**
- **Both Hitler and Obama advocated energy ‘revolutions’ to reduce their Nations consumption of fossil fuels.**
- **Both Hitler and Obama were described as charismatic speakers able to mesmerize their supporters with “messiah like” fervor.**
- **Both Hitler and Obama in private conversations prior to their taking power held great disdain for both religion and their citizens owning guns.**

But most importantly about Hitler and Obama, this report continues, is that to their citizens they had been put forth as ‘**blank slates**’ upon which anyone is able to project upon them anything they like as behind them lies no substance, history or record of achievement other than that which is directed upon them by those dark forces which control them.

In one of the most astounding surveys conducted by the Russian Church on Obama it was found that among the American people that: Over 97% of Americans were not able to name either the city or State of his birth; Over 98% of Americans were unable to name either his mother or father; Over 99% of Americans were unable to name any US elementary or secondary school he attended; Over 78% of Americans were unable to say which university he attended; Over 99% of Americans were unable to state what he did or where he lived between the years of 1970-1998.

What brings these shocking numbers into even sharper relief is that when Hitler had, likewise, assumed the leadership of Germany nearly 95% of the German people didn’t know he was born and raised in Austria.

What is not known about Obama’s past however, does not conceal his plans for his Nations future, and as best stated by the *British Illuminati researcher David Icke* on the coming Obama Presidency, “**It is not a change of direction...just the next stage.**”

And to this ‘next stage’ the American people are about to enter into there should be great fear among them as Obama is in the process of creating **a ruling elite which combines the worst personages of the last 20 years** coming from both the Bush and Clinton Family’s powerful rule and which began with Prescott Bush, the current Presidents grandfather, who along with the most powerful US and British Industrialists, financed the rise of Nazi Germany, attempted to overthrow President Roosevelt in a 1933 coup d’état called the Business Plot, brought to the United States after World War II the elite of German Nazis surviving that conflict in what was called Operation Paperclip, **assassinated President Kennedy for daring to oppose them, took over the Central Intelligence Agency (CIA) turning it into the largest drug cartel the World has ever known, and killed nearly 4,000 American citizens during the 9/11 attacks to further their aims towards total dictatorial rule.**

Even today as these very words are being written, and in yet another bid showing both their leaders arrogance and the ignorance of the American people, the Pentagon has announced it is stationing 20,000 armed US Soldiers in the United States itself to help ‘protect’ the Homeland from attacks.

These 20,000 US Soldiers being stationed among them should strike great fear into the hearts of all Americans, especially when viewed in the context of **Russian Military reports** which state that with nearly every US City surrounded by ‘circle freeways’, and with the average number of exits for these circle freeways being around 50, and with the number of armed troops needed to secure each exit being 6, and with only one heavy combat vehicle needed for each squad of 6 soldiers, every major population center in the United States can be sealed off and contained within 24 hours by just this exact number of troops.

To how soon the mass imprisonment of Western citizens will begin we can glimpse as reported by the Prison Planet News Service:

“An internal memo from a top Citibank analyst reveals what the banks really think about the global financial situation, and the outlook is grim.

“The world is not going back to normal after the magnitude of what they have done. When the dust settles this will either work, and the money they have pushed into the system will feed through into an inflation shock,” wrote Tom Fitzpatrick, Citibank’s chief technical strategist.

He goes on to explain that the massive money creation efforts by the Federal Reserve and other central banks will end with one of two things: A resurgence of inflation, or a fall into “depression, civil disorder and possibly wars.”

But to the direst warning of this report, the Russian Church states that like the Soviets had once defended our Earth from the Nazis, it is going to have to be done again lest we all fall into an eternal darkness where the “**Mark of the Beast**” will no longer be an antiquated Biblical myth, but **will become the reality for billions of our human race forced into micro chipped and drugged servitude to the cruelest slave masters our Earth has ever known.**
